

# CAMPING DETAILS

EARTH NATIVE  
WILDERNESS SCHOOL

We are looking forward to seeing you at your upcoming class this weekend.

## ARRIVAL:

If you are camping on Friday night, feel free to arrive at anytime. The gate will be left unlocked for you. Please park in the parking area to the left.

## RESTROOMS:

There are restrooms and heated showers "Prickly Pear," available just across from the parking area.

## WATER:

There is water bottle filling station by the restrooms.

## OUTLETS:

There are outlets available for use at the Osage building or the bathrooms.

**CAMPING AREAS:** Camping is casual at Earth Native. There are not "camp sites" rather camping areas where you can set up your tent. There will not be any staff on-site on Friday or Saturday evenings.

**Camping Area 1:** The grassy area near the covered fire pit area "CaraCara" by the parking lot.

**Camping Area 2:** Head down the hill in the woods past the "Pecan Bottom" area.

**Camping Area 3:** In the Game Field over by Wild Life Forest Preschool.

## FIRES:

Feel free to make a fire in any of the fire pits. There is plenty of firewood to use over by the parking area and firewood is included in your camping fee.

Please **DO NOT** cut, break, or damage **ANY** standing trees or plants. This includes breaking branches off of trees, even if the branch itself appears dead. A lot of students use our campus every year and even little impacts add up over time.

Also, a reminder to **PLEASE DRIVE SLOWLY** on the dirt roads coming into our property. Those roads get torn up when people drive over 10mph and that causes us friction with the neighbors and additional road repair costs.

**THANK YOU!**
